HUGHES REFUSES TO ADMIT DEFEAT

FINAL ACKNOWLEDGMENT OF WILSON'S VICTORY EXPECTED.

STATE OF MINNESOTA IS STILL IN DOUBT

President Carried Two-Thirds of the 48 States, With a Popular Plurality of 403,312.

Special to The Democrat-Forum.

New York, Nov. 11.—Charles E. Hughes is taking his defeat like a "regular sport." Mrs. Hughes is also proving herself a good loser. Neither would concede defeat, but they know that the fight is well nigh hopeless. Final acknowledgement of Wilson's victory by Mr. Hughes and the Republican managers is expected soon.

Wilson Carries New Hampshire.

Concord, N. H., Nov. 11.—Wilson carried New Hampshire by seventy-one votes on the basis of the best available returns today. The Democratic state committee issued the following statement last night.

"We accept as apparently correct the tabulations showing a plurality in this state of seventy for Wilson. That Wilson has carried the state admits of no doubt. No inspection of the ballots can show a material change. If there is any change at all it will be favorable to the president."

Close in Minnesota.

St. Paul, Minn., Nov. 11.—Thirty-eight precincts whose records show that they should poll about 400 votes, the 2,100 ballots cast by the state soldiers in Texas, and the votes of railroad and traveling men under the absentee voters' law, held the balance in Minnesota between Wilson and Hughes. Therefore, the state was still classified as doubtful, with predictions varying widely as to the outcome. Hughes has a plurality of 503. Regarding the missing precincts, it was estimated that it would take from three to four days to hear from them. Both of the counties out are known to be for Wilson, but the population is small.

New Mexico Safe.

Santa Fe, N. M., Nov. 11.—President Wilson's unofficial lead of 2,184 votes, it was estimated, would exceed the total vote in the remaining twenty-nine unreported precincts in New Mexico.

San Francisco, Cal., Nov. 11.—California politicians settled down to prepare for a vigilant surveillance of the semi-official count of the state by county clerks and the final count by the secretary of state.

All future proceedings, leaders of both parties agreed, will hings upon what develops in these counts. Wilson leads in the state by 3,286 votes. With eighteen precincts missing the count stood: Hughes, 462,813; Wilson, 466,099.

Chester H. Rowell, chairman of the Republican state central committee, and O. K. Cushing, chairman of the Democratic state central committee, were in accord in that both agreed the outlying precincts still to be heard from would not make much difference one way or the other, in the unofficial returns.

They differed as to the official count, Mr. Cushing claiming the state and Mr. Rowell expressing doubts and claiming a split delegation in the electoral college.

The California delegation was split, 11 to 2, in 1912, and was divided several times previously. The Republicans expected to get three of the thirteen delegates and perhaps more.

Hughes Leads in West Va.

Charleston, W. Va., Nov. 11.—Returns from 1,701 precincts out of 1,713 in West Virginia give Hughes 141,105, Wilson, 138,194.

—Washington, D. C., Nov. 11.—Secretary Tumulty last night sent the following message to President Wilson at Williamstown, Mass.: "The election returns conclusively demonstrate that your victory at the polls is clear and decisive.

"You have carried two-thirds of the states of the Union. The four years of your administration have brought you approximately 2,266,614 more votes than you were first elected in 1912.

"This is the greatest increase given to an American president for a second term since the civil war.

"Your vote last Tuesday was 2,060,708 more than ever previously recorded for a Democratic candidate, and despite the character of opposition is the largest vote ever recorded by a president from the people of this country—952,955 more than the total cast for Roosevelt in 1912.

"You have a popular plurality of 403,312, according to bulletins received from the Associated Press.

RECEIVE GIFT OF PEARS

R. E. Thomas Brings Thank Offering of Luscious Fruit to Democrat-Forum Staff and "Hello" Girls.

One man in Maryville appreciated the work of the telephone girls and The Democrat-Forum for the splendid service given during the anxious days of the recent election.

This morning R. E. Thomas arrived at The Democrat-Forum office with a basket full of luscious golden pears. He left half of them with his compliments for The Democrat-Forum staff, who had answered the telephone so obligingly. He took the rest of the pears up to the telephone girls.

It is estimated that if the hundreds of callers who received election returns from The Democrat-Forum had inspirations like that of Mr. Thomas, the high cost of living so talked of nowadays would seem a mere figment of the imagination in The Democrat-Forum office and the telephone exchange.

SHOES GIVE A CLUE

STOCK NUMBER LEADS TO ARREST OF CLOTHES PURLOINER.

NOW IN NEBRASKA JAIL

Walter Wyman Finds Slipping Away With Merchandise Easy, But Fails to Cover Tracks.

How the stock number on a pair of shoes could change a man from a free lance, at liberty to roam at will in the country or in the city, and free to drink in the fresh air or anything else available, to a jail bird in the clutches of the law with permission to wander nowhere beyond iron bars, is the story of one "Harry Lane," who recently appeared on the Maryville horizon for a short while, departing at length richer by— But that is the story.

To begin at the beginning. One fine morning a few weeks ago Walter Nyman, alias Harry Lane, applied at the Hotel Bainum for a job as cook. He was given the position, and all went well until in the dark o' the night he decided to leave for other pastures, and forthwith set out, carrying the suit case belonging to another employee of the hotel. In this suit case were two suits of clothes, socks, ties, collars, underwear—yes, and even the scarf pins and cuff links of the same unfortunate employee.

The sheriff was told, but nothing was heard until—"Harry Lane," dapper and jaunty in his stolen "togs," arrived in Wahoo, Neb. He entered the town at dusk, and decided that since clothes stealing seemed so easy he would try it again

He selected the spacious quarters of Smith-Hultin-Andersons Co., effected an easy entrance on Sunday evening while all the good citizens were at church and proceeded to look around.

After a close inspection of the bountiful stock laid out for the examination of the Monday customer, "Mr. Lane" painstakingly chose the following articles:

One black Kuppenheimer overcoat, one black Kamber overcoat, three pairs of shoes, several soft hats, ten boxes of collars, two or more boxes of socks, four dozen men's ties, seven men's shirts and a lot of jewelry.

With this selection in his possession he got ready to leave the store. But wait! As he was leaving he happened to glance down at his feet. There were the tan shoes that he had worn for nearly three months now, and they were looking rather shabby. Why not change them for a brand new pair and depart well shod at least?

The wish was father to the thought. Presto! The old shoes were flung carelessly into a corner; the bright new number sixes were put on the erstwhile visitor's feet. This done, Mr. "Lane" bade farewell to Smith-Hultin-Anderson's and to Wahoo.

The next morning anxiety reigned supreme in the dry goods store. A thief had absconded with some of the valuable merchandise of the institution, leaving no trace. No trace? Yes; after careful search the discarded tans were found, and constituted the clue which led to the downfall of "Harry Lane."

And how did this come about? In the shoes was the stock number. Sherlock Holmes II, or, in other words, Jerry Dailey, sheriff of Wahoo, sent to the Massachusetts firm which made the shoes and found that the lot of shoes of which this pair was a member was shipped to the Bee Hive shoe store, Maryville. The sheriff then communicated with W. A. Miller, who didn't remember to whom he had sold the shoes, but who had heard of the second cook who had made away with the possessions of a Maryville boy.

He inquired and found that one of the employees had received a card from Harry Lane mailed at Wahoo.

Besides, in Wahoo Harry had talked a little. He had met a man and told him his real name and enough of the facts of his life to make tracing an easy matter. A reform school in Nebraska furnished a description of Walter Nyman which tallied with that of Harry Lane. The rest was easy. In Maryville he had told of having a brother in Colorado. The Colorado mails were watched, and soon the brother sent a letter to Walter, thereby giving away his whereabouts.

Now he rests in the county jail at Wahoo, having been apprehended with part of the stolen goods in his possession. And all because he forgot to take the old shoes with him.

TARKIO WINS 39-0

NORMAL BEAR CATS DEFEATED WITHOUT SCORING ONCE.

HOME TEAM OUTWEIGHED

Tarkio Heavier 20 Pounds to a Man—Normalites Show Poor Interference Throughout Game.

Tarkio came to Maryville yesterday to catch the bear and skin it. The team caught the bear, but did not skin it in the manner dreamed of. The truth of the matter is that Tarkio had to fight hard to make two touchdowns in the last three quarters and came near being scored on. At the end of the first quarter the score stood 25 to 0 in favor of Tarkio.

Tarkio won the flip and chose to kick off and defend the west goal. Scott ran back and was downed on the 40-yard line. During the first downs Scott fumbled the ball, and Tarkio recovered. With a good end run and a line buck, Tarkio went over for a touchdown and kicked goal. Score 7 to 0.

It seemed that the Normals drew the short end of the luck in this quarter and could not hold Tarkio in her gains. At the end of the first quarter the score stood 25 to 0 in favor of Tarkio. The slaughter was then over, and the Bear Cats got down to business.

Near the close of the third quarter, with Maryville in possession of the ball, Scott got away with a long forward pass and Pickens went around end for a long run, and with Maryville on Tarkio's 20-yard line it looked as if Maryville would score. But at this juncture the third quarter was up, and when goals were exchanged Maryville found herself in the muddy part of the field with an uphill pull. On the first end run Pickens slipped in the mud and it was then seen that scoring at this time was almost beyond hope. Girard then tried a field goal but the heavy north wind blew it out of line.

Both teams were penalized frequently, and often engaged in punting duels. Some times it was merely an exchange of punts. Scott played a good game in his new position of half, but some of his fumbles were quite costly. Girard played his best game of the season. Capt. Pickens, Hubbard and Wagers showed up well, but the back field interference was at times very poor.

During the game the Tarkio center pointed to Brown, the Maryville center, and asked who that little dub over there was. Brown answered in unmistakable terms that it was "Brown," and the next down, he turned the Tarkio man over a couple of times. If we had more fighters like Brown the scores against Maryville would be different. Quality, no quantity counts.

Lunan at full and Bowman at right tackle showed up well for Tarkio. The Tarkio team showed lots of beef and experience. Maryville was outweighed at least 20 pounds to the man. Three of the Tarkio team were Tarkio H. S. stars of last year.

The yelling of the rooters was the best that the Normal has ever had. With all their paraphernalia, including bells, horns, etc., they never let up until the last whistle blew. If letters are awarded in football, we feel that Don and Phil ought to receive honorable mention. The lineups were:

Maryville—Brown, c.; Scott, Hubbard and Wagers, half; Girard, full; Capt. Pickens, q.; Sawyers and Nicholls, guards; Byerrum and Hahn, tackle; Farmer and Gannon, end.

In the second half Hubbard substituted for Wagers and Wagers for Gannon.

Tarkio—Huddle, c.; Cagley and Barr, guard; Travis and Bowman, tackle; Peterson and Brown, end; Whitnell, q.; McKnight and Orr, half; Lunan, full.

In the first half Jensen substituted for Brown, and in the last quarter Brown substituted at half and Webster at quarter.

Officials—Referee, Davidson, Clarrinda; umpire, "Surley" Lake, St. Joseph; head linesman, Moore.

NEW HIGHWAY HERE

E. M. CLAYPOOL TRYING TO GET ROUTE THROUGH MARYVILLE.

DEFINITE PLANS NOT MADE

George Washington Highway to Pass Through Kansas City and Omaha, But Route is Not Chosen in Mo.

A new highway, the George Washington highway, may pass through Maryville. E. M. Claypool, secretary of the Commercial Club, is at work trying to secure this roadway, which will run from Savannah, Ga., to Seattle, Wash., and will pass through Kansas City and Omaha. From Kansas City to Omaha, the definite route has not been selected.

One route from Kansas City to Omaha would be to St. Joseph, then from that place over the Glidden route through Maryville to Ohama. The other route is through Kansas and Nebraska to Omaha.

Mr. Claypool has written to A. P. Wells, president of the association, asking for consideration of Maryville and calling attention to the Glidden route.

The automobile clubs over the state have organized a state motor association with M. V. Carroll of Sedalia as temporary chairman. Mr. Carroll and the other temporary officers are making a tour of the state and will be in Bethany Nov. 13 and Albany Nov. 14. Meetings will be held at these towns to get all of the auto owners to join the organization and to discuss the work that can be done for good roads.

Mr. Claypool is making an effort to get a meeting for Maryville. He has written Mr. Carroll about the matter. As Mr. Carroll will be in this section of the state next week, Mr. Claypool will try to get him to come to Maryville next Tuesday evening for the Commercial Club banquet.

WILSON GLAD OF VICTORY

Worn Out by the Election and Close Race, President Wilson Spends Quiet Day

Special to The Democrat-Forum.

Williamstown, Mass., Nov. 11.—Worn out by the election and the close race, President Wilson was elated early today over the fact that "it's all over," and made plain he is badly in need of rest. He spent a quiet day here today.

In a speech here last night before several thousand persons who came from nearby towns to congratulate him on his re-election, President Wilson said:

"I want to say that now the campaign is over we must think of only one thing, and that is not of parties, but of the interest of the great country we all love. Let us forgot all our differences and unite for common service. Only in that way can we work for the great nation that has given us liberty and peace."

BAPAUME IN RUINS

FIGHTING IN THE CITY AND ON THE GROUND ON SOMME.

42 AEROPLANES DOWN

Seventeen Belonged to Allies and 25 to Germans—Cernavoda Bridge the Latest Capture.

Special to The Democrat-Forum.

Paris, Nov. 11.—Fighting in the sky and on the ground beneath at the same time has been the chief features of the battles on the western front during the past thirty-six hours. In the aerial combats forty-two aeroplanes were shot down, seventeen belonging to the Allies and twenty-five to the Germans. On the Somme there was an unending series of infantry attacks with intense bombardment. South of Bapaume the fighting is violent. Bapaume is a mass of ruins.

Capture Cernavoda Bridge.

Geneva, Nov. 11.—Von Mackensen's engineers have succeeded in capturing Cernavoda bridge and the German allies have crossed into old Rumania. All indications are that a mighty engagement has developed along the Danube.

New German Successes.

Berlin, Nov. 11.—Penetration by the British of furthermost advanced German trenches north of the Somme admitted this afternoon. New Teutonic successes in Galacia announced. The capture of the Rumanian positions at the point of bayonet reported. In Macedonia the Serbs penetrated the advance positions of the Bulgarian-German lines.

Russ-Rumanians Fall Back.

Sofia, Nov. 11.—The Russ-Rumanians on the western bank of the Danube opposite Cernavoda were compelled to retire by the Bulgarian artillery.

Constanza is Safe.

Petrograd, Nov. 11.—Rumanian seaport Constanza, set afire by the bombardment from the Russian warships, according to dispatches today. Fires also observed in the direction of Cernavoda.

GARDNER IS AHEAD IN GOVERNOR RACE

HAS 1,670 LEAD, WITH FOURTEEN PRECINCTS MISSING.

ABSENTEE VOTES INCREASE MAJORITY

In County Returns Gardner and Reese Make Gains—Outside Ballots Not Counted Yet.

Special to The Democrat-Forum.

St. Louis, Nov. 11.—Colonel Gardner for governor was leading today over Judge Henry Lamm by 1,670 votes with fourteen precincts missing. The absentee votes in the state are being counted today by the county courts in the counties over the state along with the other returns of the election. It is possible that if Judge Lamm should get the greater majority of these votes he would stand a chance of being elected. The Democratic state headquarters claimed that Gardner will be elected and that the absentee votes will increase his lead.

The county court with County Clerk Fred Yeomans is casting up the returns of Tuesday's election this afternoon. The court went over the poll books yesterday, and so far only two changes have been made, George S. Miller, for county surveyor, gaining eight votes, making his majority 21 over J. E. Reese.

Fred D. Gardner for governor also gained seven votes over Judge Lamm in yesterday's count. This gives Gardner a majority of 18 in this county.

The absentee ballots were opened this afternoon and cast up. At press time it was not announced whether these ballots changed any of the results much, as only a few had been counted at that time. There were fifty of these ballots, and it is thought they will give Gardner a bigger lead here. As to the race between Miller and Reese, it is expected that not much change will be made, the vote probably being a standoff.

County Clerk Yeomans received a telegram from the St. Louis Post-Dispatch this morning to wire in the official Gardner-Lamm vote in this county, as the race between the two candidates was very close.

TO TREAT THE ORPHANS

Women of the Christian Church Plan to Send Large Thanksgiving Box to St. Louis Orphanage.

The Ladies' Aid of the Christian church planned at the regular meeting yesterday afternoon to send a Thanksgiving box to the St. Louis Orphans' Home, which is supported by the Christian churches of Missouri. The women will be at the church all day next Thursday and will be glad to receive donations of clothing, sweetmeats, fruit and cakes for the orphans.

The women also made plans for two markets to be held the Saturday and Wednesday before Thanksgiving day.

KIRKSVILLE TEAM WON.

Beat William Jewell 14 to 12—To Play Maryville Normal Thanksgiving.

The Kirksville Normal team defeated yesterday at Kirksville the William Jewell college team of Liberty by a score of 14 to 12. With this victory Kirksville upheld its record of not having lost a game this season. As the Kirksville team has only the Maryville Normals yet to play, which will be Thanksgiving at Kirksville, the conference title is conceded to them.

High School Notes

By WILLIAM VAN CLEVE

The first number of the "High School Opinion" was issued Thursday morning. Within two hours enough copies had been sold to pay for the cost of publication. There have been many favorable comments, and the paper will probably be made a permanent affair. The staff will be enlarged and work will be started on the next issue at once.

* * *

The arithmetical puzzle published in the school paper attracted much attention. Of sixteen answers turned in four were correct. The four submitting correct solutions were Edgar Fitzgerald Jamie Covey, Claude Glass and Beulah Bagby. Edgar Fitzgerald being the first to turn in his answer was declared the winner of the contest.

The advanced seniors are proudly displaying their class rings, which arrived last week after some delay. The rings are of gold and are guaranteed for twenty-five years. The design consists of the letters M. H. S. in open work and the numeral 1917. The rings were ordered from Quayle & Son through Will Hutchison.

The beginning seniors are working on two programs to be given during Thanksgiving week. After investigation into the merits of the members of the class it was decided that not all the talent could be displayed at one assembly. Therefore it was decided that on two of the three days of school during Thanksgiving there should be assemblies at which the students will be at the mercy of the beginning seniors. It is likely that the students will have real cause for thanksgiving if they survive these two programs.

Twenty-five girls interested in basket ball held an enthusiastic meeting Friday evening. The meeting was not announced and there were several who were not present. It is the intention to hold a tournament among at least four teams. If possible teams will be chosen to represent the various classes. The teams will be coached by Miss Dora Carpenter.

A practice football game was played Thursday between two teams chosen from the students of the high school and captained by Russell Woodward and Ernest Daniels. The "Blues," led by Russell Woodward, were victorious over the "Reds" by a score of 14-0. Woodward's superior "diplomacy" caused the "Reds" to lose a well-earned touchdown.

* * *

The first team will be put through stiff practice all next week in preparation for the game at Savannah next Friday. The game Thursday brought out several new men who may help out. Claude Pierpoint showed up especially well and may make some back field man hustle to keep his job.

The Savannah team defeated Platte City last Friday, a team they had previously beaten by a score of 27-0. This time the score was only 6-0. This would seem to show that Savannah is at least no better than when they barely nosed Maryville by a score of 13-12. Maryville, on the other hand, has improved with every game. So the team is almost certain to bring home the long end of the score next Friday.

Mr. McDonald will leave for St. Louis the latter part of next week, where he will attend the meeting of the Missouri State Teachers' association.

The M. H. S. orchestra furnished the music for the teachers' meeting at the Normal last week. On Friday morning the orchestra gave two selections and Ruth Hankins and Ralph Yeble gave a violin duet. On Saturday morning Miss Hankins gave a violin solo.

The orchestra will have a meeting Monday afternoon and will probably plan for a program to be given at assemply some time in the future.

Thought he was skunked: Guess he was for a short time. Tuesday night, a while after the returns began to come in and everything looked favorable to Hughes, Bob Linville couldn't stand it any longer, and went home. When he got home his wife wanted to know how the election had gone, and Bob replied, "Doggone it, I think we are skunked." His wife said, "Well, I thought I smelled a skunk about the time you came in." Bob turned up his olfactory organ and took in a good whiff of the permeated air, and said, "Well, this might suit a Republican, but I can't stand it four years, I know." It got so strong they were about to migrate, when Mrs. Linville happened to mention the fact that she had set a trap in the basement to catch some kind of varmint—and a hasty reconnoitering in the basement proved that she had caught him.

Hopkins lads who have been gathering walnuts the past few weeks have resorted to different methods of removing the "shucks," such as running them through a corn sheller, driving over them, etc., but it remains for an Ohio man to solve the problem right. This man put a cow that is fond of walnut shucks in a pasture where there is a large walnut tree. The cow chewed off the shucks, leaving th nut clean and ready to use. The cow, too, give milk of a superior quality, and now the man is looking around for a butternut tree with a view of trying a still more novel experiment.

William French was recently returned from Indianapolis, where he graduated from a vulcanizing school. He has rented the building just south of the postoffice, and as soon as his machinery reaches here, will open a shop to repair automobile casings and tubes. He will also be prepared to retread casings, thus doing away with the necessity of sending this class of work out of town. He is a skilled mechanic and we predict will make a big success in his new undertaking.

Charles Florea and wife have returned from an extended visit in Montana and other states in the west. Charley says the spring wheat crop in Montana has made that state a pot of money, selling at about $1.65 a bu., and a good yield. The crop is now being threshed and experienced separator men are very scarce, Charley being paid $10 a day to look after a machine while he was there.

The Commercial club held a meeting at the club room on Friday evening for the purpose of taking action in regard to the Fourth street viaduct matter, which will have a hearing before the public service commission in this city on Friday, November 17, at 1 p. m. A great many of the members were present and all manifested a lively interest in the case. It was decided to employ an attorney to look after the interests of the town. All members of the club are requested to be present at the next regular meeting, which will be held next Tuesday night.

BARNARD BULLETIN.

Barnard school as usual brought home considerable cash from the Teachers' association exhibit when this school received fourteen prizes which took $52.00 in money. There were five firsts, 5 seconds, 3 thirds and one fifth. Besides the school here took the prize for the greatest number of exhibits, a silver cup for the best singing and a silver medal for the second best declamation. Pretty good for Barnard, we claim.

The sale amounted to a little more than $4,000. Corn sold for 73½c and 74c.

M. V. Baker was badly hurt last Thursday afternoon by being kicked by a young horse. The horse kicked him in the face, breaking his nose and breaking the few teeth he had off, and it is thought that he swallowed a few of his false teeth. A physician was called at once to dress the wound. At this time he is able to be up and around. The accident happened when Mr. Baker was showing some men a few colts in the pasture. He walked up to one of them an dslapped him on the hip, whereupon the colt kicked him.

Parnell Sentinel.

E. M. McCarty, the second trick man, has been classed for many years as an ardent Democrat, but George Barber last Friday made him promise that he would vote for Hughes at Tuesday's election. Mack had a hog in a crate that W. A. Porch brought in for shipment. The animal was about to get out when he called on George Barber to help get the hog back in, but George would not do it until Mack promised to vote for Hughes in stead of his favorite man, President Wilson. Mack says the next time anything of this kind happens he will let hog and everything go before he promises to vote for some one other than he wants to.

Surprise for Mrs. Pastorius.

The members of the Homemakers' class of the South Methodist church planned a surprise last night on one of their number, Mrs. O. A. Pastorius, who leaves soon for her new home in Pattonsburg. Miss Rosemary Bishop, daughter of Mr. and Mrs. Till Bishop, living just north of town, has surprised her many friends by announcing her marriage to Mr. Repass, which occurred in St. Paul, Minn., June 15, 1916. They were quietly married and Miss Bishop returned to her home shortly after the ceremony, but none knew of the affair, the young couple deciding to keep the news from their friends until he had secured a new location for the practice of his profession, that of civil engineering, and prepared a home in which to take his bride. The groom has located in Montana, and his bride will join him there in a few days. The good wishes of her many friends will follow her to her new home, and the Courier joins in wishing them a long and happy married life.—Conception Courier.

Sherman Black of Kansas City arrived here yesterday for a visit to his mother, Mrs. R. M. Black.

Centerville, Ia., lump, $4.50 per ton. Wm. Everhart. 10-13

THE TURNING POINT between economy and waste lies in your judgment of what constitutes real value. We advise you not to be too hasty to decide that a low price is a criterion on big value. It is often just the contrary. The prices we charge for real estate may not be as low as some, but they represent real values, and as low as possible for desirable property. If you pay less you won't get as good. This is absolutely certain.
